Subject: **Meeting Notice**
Pages: 5, including this page

Dear Ditidaht Members,

Ditidaht is holding community meetings to discuss treaty updates on **Lands, Parks and Consultation**. In addition, there will be a focus on beginning the **Community Planning** process, and getting your input on the most important issues to address moving forward. **What is your Vision for the future in relation to lands, health, social, education and governance?** Come to help and start the conversation! We will also outline next steps for the **Doobah Land Use Study** - a project that is being coordinated by the Ditidaht Development Corporation in conjunction with Vancouver-based planning firm Eco-Plan, and with financial support of NEDC. They will be working closely with the people working on our *Comprehensive Community Plan* project and our *Strategic Land Use Plan* project.

Please join us this November 2014, as follows;
